PRODUCT DESCRIPTION

Back Massage is a silent massage cushion that is perfect for the office! It stimulates blood circulation, softens stiff muscles, relieves pain and warms the muscles during the massage as an extra effect. The pillow massages the neck, back and lower back and gives you a wonderful spa feeling in the middle of the office. This fantastic product softens the whole body and relieves both stress and pain. Treat yourself to something extra lovely for the office that will make your employees feel a little extra comfortable with you. The pillow is used with advantage precisely where you need a massage and while you are working.
