

# REFILL HAND WIPE, HEAVY HAND WIPE

---

---

**ITEM NUMBER**

43606-1

43601-1

**PRODUCT DESCRIPTION**

Refill Hand Wipe is a cleaning wipe for hands with disinfecting and re-greasing action. Perfect for use both in the office and outside at workplaces where the opportunities to maintain good hand hygiene are limited. Kills bacteria, fungi and viruses such as intestinal bacteria, skin bacteria, HIV, Hepatitis B and Hepatitis C within 30 seconds of action. Reduces the risk of the spread of infection in connection with colds, flu and stomach sickness and winter sickness. The softening peppermint oil has a healing effect on small wounds, and leaves a fresh and pleasant scent on the hands. The napkins do not freeze because they contain alcohol and can be used outdoors in freezing temperatures.

Refill Hand Wipe effectively and gently removes even stubborn dirt such as ink, marker, soot and grease.

**USER MANUAL**

For disinfecting effect of very dirty hands use two wipes, one for cleaning and one for disinfection. Store upright with the lid closed, out of direct sunlight. Double lids guarantee several years of durability

(warranty 24 months) when stored in the original packaging.

**TECHNICAL/CHEMICAL INFORMATION**

Contains softening peppermint oil and 70% isopropanol, which gives a 100% disinfecting effect. A separate certificate is available from Lund University Hospital.
